**Chairman Message:**

*Dear Member,*

*I am pleased to welcome you to the 34th Annual General Meeting (AGM) of your Company, and share with you its 34th Annual Report for FY 2021-22. This AGM, similar to last year, is being held virtually due to the prevailing COVID-19 pandemic and our effort to keep our stakeholders safe as per government mandated social distancing norms.*

*This past year continues to be an eventful one.*

*As you are aware the ongoing restrictions due to COVID-19 continue to significantly affect the ability of many organizations to maintain normal day to day operations. Your Company was proactive in deploying technology to successfully implement Work from Home (WFH) and operate without any significant disruption.*

*With your support and trust, your Company also continues to be an investor in Exela Technologies, Inc. ("Exela"). Exela is a business process automation (BPA) leader, leveraging a global footprint and proprietary technology to provide digital transformation solutions enhancing quality, productivity, and end-user experience.*

*As we come out of the pandemic, your company will explore opportunities to further expand its service offerings in the digital and technology space.*

*Lastly, I express my sincere gratitude to all our stakeholders and the Company's Board of Directors, for their continued faith in our Company and its people. I would also like to thank our Authorities and Regulators for their continued support.*

*Best regards, and wishing you and your families a safe rest of the year.*

**Vik Negi**

*Chairman & Executive Director*

## **ANNEXURE TO THE DIRECTORS' REPORT**

### **Management Discussion and Analysis Report**

HOV Services Limited ("HOVS" or the "Company") operates as a hybrid between an investment and a diversified services company. The Company's business encompasses majority of Software and IT Enabled Services and the prevailing trend would further enforce the importance of outsourcing, as companies will be compelled towards curtailing cost without sacrificing on quality. Outsourcing been a tried and tested model, entities would outsource their work to improve productivity by allocating more time in improving their core competencies.

During the year FY 2021-22 the Covid-19 pandemic continued disruption in supply chain and impacted business. The various strain like Omicron and Delta posed further challenges on customers and our employees and their family. The situation was closely monitored keeping the guidelines issued by the various authorities. Our team has been in constant communication with customers and employees keeping the physical safety on priority. The Management is keeping close vigil and being optimistic to review all business opportunities.

The Management expects in coming year the demand environment of service provider will remain in pressure given the watchful approach of global clients, and optimization will be a strong focus for organization looking to extract more value from their sourcing partners.

**Human Resources & Prevention of Sexual Harassment**

The Internal Complaints Committee has been constituted pursuant to the Section 4 of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 for protection against sexual harassment of women at work place. During the year there were no complaints of such manner. During the year the Company maintained cordial relationship with the employees at all levels and provides an environment free of sexual harassment and discrimination on the basis of gender. Human Resource being an important asset play a vital role for organisation competitive advantage and performance, influenced by effective HR practices and value system. The HR department during the year was in constant connect with employees to boost their morale under work from home circumstances. The continuous learning and talent development programs for the workforce provide diverse work environment.

**Internal Control Systems and their adequacy**

The Company's management is responsible for establishing and maintaining internal controls. The management has established adequate internal control systems with checks and balances observed at all levels, covering not only, financial transactions but other department functions as well. The Company's Internal Control framework is commensurate with the size and the nature of its operations. The internal control framework is essentially based on various policies, procedures and process of different functional departments of the Company to achieve efficiency and effectiveness in operations and compliance with laws and regulations.

The Company has appointed reputed firms of Chartered Accountants to carry out internal audits. The audit is based on focused and risk based internal audit plan, which is reviewed each year after consulting the Audit Committee. The conduct of internal audit is aimed towards the review of internal controls and risks, accounting and finance, and human resources, and as per scope decided by the Audit Committee. The Internal Auditor periodically do testing of the internal controls and monitors the effectiveness of internal controls and provide assurance of the adequacy and effectiveness of the internal controls to the Audit Committee and Board of Directors.

**Risks and its mitigation**

The Company has an appropriate risk management framework comprising risk governance structure and defined risk management processes. The risk management is a mechanism to identify risk, if any to business of the Company, which in the opinion of the Management need mitigation. The Audit Committee has oversight in the area of financial risks and controls. The Management has identified the following key risks considering the operations relating to the businesses of the Company and continuously monitor and review to mitigate the key risks in manner stated herein below:-

- a) **Covid-19 Pandemic risk:** - On account of nationwide lockdown imposed by Government of India from March 25, 2020 and further partial lockdown imposed during the FY 2021-22 there were interruption in logistics and ability to maintain normal operation of the Company. The business operations got impacted on account of lockdown measures implemented by local and central government authorities to implement social distancing norms and to prevent spread of Covid-19 Pandemic. Reduced productivity due to employees' emotional stress under lockdown and inability to provide desktops/system to employees due to security or logistic reasons and vendors' inability to provide their services on account of similar situation at their end. The demand-supply across all segments all over the worlds' economies got disrupted and might affect Company's earning in medium term. The overall impact of CoVID-19 on the businesses of the Company may vary depending on future conditions and socio-economic factors and measures taken at the Government levels and hence cannot be predicted at this time of juncture.

The Management of the Company took quick measures and actions for safeguarding the workforce by providing laptops/desktops infrastructure enabling them to work from home. The HR department provided continuous support, through online system, to employees to address Covid-19 related issue and provided guidance for appropriate social distancing measures and advisories on work from home to service the business requirement and had kept morale of employees positive during these COVID situations.

The Company's customer are mostly long term costumers and therefore does not foresee any immediate impact on the revenues, however depending upon the uncertainties associated with Covid-19 the Management monitors its impact on continuous basis.

- b) **Business model related risk:** - The revenue of the Company is based on cost plus mark up for contracts with customers. The wage cost is major risks which may not be acceptable to customers due to change in minimum wages requirements. This could expose the Company to risks like price pressure, excessive dependency on select customers. In order to mitigate the risk, Management of the Company in continues endeavour keep appraised its customers about any change in cost factors well in advance.
- c) **Foreign currency fluctuation risk:** - A substantial part of Revenue accrues in US Dollars and expenditure of the Company are incurred in the Indian Rupees. Therefore, there is risk exposure due to adverse fluctuation of exchange rate between the US Dollar and the Indian Rupees. In order to mitigate the risk the Management constantly review and tracks foreign currency movements closely.
- d) **Financial risk:** - The surplus funds of the Company are invested in fixed deposits with banks which is averse to risk related to volatility of interest rate. To mitigate the risk of interest rate the Management closely tracks movement of rate change with banks.
- e) **Credit risk:** - It is exposed to risk of delay in collection from customers and to mitigate such risk pre-defined credit period is mentioned in contract entered and regular follow up process for receiving overdue invoice payments from customers.
- f) **Operational risk:** - The Company is exposed to risks of operational performance on account of costs. If the performance is lower than expected from the operators, it could have impact on profitability. So to mitigate such risks the Company had proper MIS in place. The rising inflation and salaries along with high attrition is a threat. This is planned to be offset with increased productivity and increased use of technology to reduce the dependence on manpower.
- g) **Investment risk:** - The Company through its wholly owned subsidiary HOVS LLC holds investments in quoted shares. The Company is exposed to the risk of value of investment getting effected due to performance of the investee company and related market risks. To mitigate such risk the Management of the Company keeps constant liaison with investee company and the Board of the Company is been kept informed about necessary information on timely basis.
- h) **Information Technology risk:** - The evolving technologies through challenges. The business operations are mostly dependent on systems involving computers/ servers which are prone to hacking due to advancement in technology. In order to mitigate the hacking risk, appropriate anti-hacking multi layered systems are installed, education of all employees at all levels and periodic strengthening of IT security.
- i) **Legal, Compliance risk:** - There is a risk on account of dynamic legal environment. Understanding regulations and statutory compliance is vital to mitigate such risk. The Management had created a robust compliance framework and at times takes help from professional firms in order to ensure compliance.
- j) **Social Media risk:** - Being listed entity, the Company is exposed to risks of any inappropriate disclosure made by any employee in social media. In order to mitigate such risk the employees and Management including board members strictly adheres to the code of "Fair Disclosure Code" of the Company.
- k) **Business Continuity and Disaster Recovery risk:-** To ensure continued delivery of services to customers irrespective of any disturbances the Company has implemented strong systems and processes across different locations so as to enabling it to take appropriate measures in respect of disaster recovery and business continuity.
- l) **Inflation risk:** - The rising inflation and salaries along with high attrition among employees is a risk. The impact of this is hard to manage and to the extent possible, the Management uses technology, automation, incentives and good work environment to reduce its impact.
- m) **Cyber Security risk:-** It possess risk for business in all aspects, right from phishing emails; vulnerable to hacking of IT systems; and clicking on links or downloading documents that turn out to be malware. Key steps to mitigate such risk is educating employees to aware of unwanted mails, implementation of antivirus software and proper patch management along with strong monitoring from IT Department on continues basis.

## Independent Auditor’s Report

**To The Members of  
HOV Services Limited  
Report on the Audit of Consolidated Financial Statements**

### Opinion

We have audited the accompanying consolidated financial statements of HOV Services Limited ("the Holding Company") and its subsidiaries (collectively referred to as 'the Group') which comprises of Consolidated Balance Sheet as at March 31, 2022, the Consolidated Statement of Profit and Loss, Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow for the year then ended (Refer "Other Matters" section below), and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at March 31, 2022, its consolidated profit, other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We focused on the valuation of quoted equity instruments due to its materiality. As disclosed in note 6, the Group has invested in quoted equity instruments having carrying value i.e. fair value of Rs. 180,928 thousands as at March 31, 2022. These instruments have been classified and measured at fair value through other comprehensive income (FVOCI) and not to be reclassified to profit or loss subsequently.</p> <p>In view of investments being material, we have considered its valuation/impairment to be a significant matter.</p>	<p><b><u>Principal Audit Procedures:</u></b></p> <p>We observed the publicly available quoted prices of the underlying equity instrument-representing holding in Exela Technologies Inc. which are listed on the NASDAQ and also obtained external evidence of existence of investment by getting holding statement from the custodian as well through publicly available filings on NASDAQ from time to time and those have been valued at closing quoted prices as at the close of the year.</p>

**Information Other than the Consolidated Financial Statements and Auditor's report thereon**

The Holding Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Corporate Governance report and Shareholder's information, but does not include the consolidated financial statement and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and those charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including consolidated other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the reporting process of the Group.

**Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Other Matters:**

- (a) We draw your attention to the Note 37(E) of the consolidated financial statements regarding the assessment made by Management relating to impact of COVID-19 pandemic on the operations of the Group.

- (b) We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of Rs 19,911 thousands as at March 31, 2022 and total income of Rs. 1045 thousands and net profit after other comprehensive income of Rs. 72 thousands for the year ended March 31, 2022, disclosed as discontinued operations - Refer note 33 of the Consolidated Financial Statements. These financial statements / financial information of subsidiaries have not been audited by us. These financial statements / financial information have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditor.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to reliance on the work done and the reports of the other auditor.

#### **Report on Other Legal and Regulatory Requirements**

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, the Group has kept proper books of account as required by law so far as it appears from our examination of those books and records.
- (c) The Consolidated Balance sheet, the Consolidated Statement of Profit & Loss, Consolidated Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company and its subsidiary incorporated in India as on March 31, 2022 taken on record by the Board of Directors of the Holding Company and its subsidiary incorporated in India, none of the directors of the Holding Company and its subsidiary incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate Report in Annexure "A".
- (g) The Group has not paid remuneration to its directors during the year and hence reporting under provision of Section 197(16) of the Act is not applicable.
- (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Group does not have any pending litigations which would impact its financial position in the consolidated financial statements. (Refer Note 41)
  - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There are no amounts which is required to be transferred to the Investor Education and Protection Fund by the Group.
  - iv. (a) The respective Managements of the Holding Company and its subsidiary incorporated in India, whose financial statements have been audited under the Act, has represented to us that, to the best of their knowledge and belief, other than as disclosed in the consolidated financial statements, no funds have been advanced or loaned or invested (either from

- borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or by any of the such subsidiary to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Managements of the Holding Company and its subsidiary incorporated in India whose financial statements have been audited under the Act, has represented that to the best of their knowledge and belief, other than as disclosed in the consolidated financial statements, no funds have been received by the Holding Company and by any of the such subsidiary from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Holding Company and its subsidiary incorporated in India whose financial statements have been audited under the Act, nothing has come to the notice that has caused to believe that the representations under sub-clause (a) and (b) above contain any material misstatement.
- v. The Holding Company has not declared or paid dividend during the financial year 2021-22 and hence reporting under Rule 11 (f) of Companies (Audit and Auditors) Rules, 2014 is not applicable.
- vi. According to the information and explanations given to us and based on the Companies (Auditor's Report) Order, 2020 ("CARO") issued of holding company and one of the Indian subsidiary included in the consolidated financial statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in the respective CARO reports of Holding Company and such Indian subsidiary.

**Annexure "A" referred to in "Report on Other Legal and Regulatory Requirements" section of our report to the Members of HOV Services Limited for the year ended March 31, 2022:**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of HOV Services Limited ("the Holding Company") and its subsidiary incorporated in India (collectively referred to as 'the Group').

**Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding Company and its subsidiary incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that

receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Group's assets that could have a material effect on the consolidated financial statements and (4) also provide us reasonable assurance by the internal auditors through their internal audit reports given to the Group from time to time.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Group has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**
**1. SIGNIFICANT ACCOUNTING POLICIES**
**Group Overview:**

HOV Services Limited ("Holding Company") and its subsidiaries collectively referred to as "the Group" is headquartered in Pune, India and operate as a hybrid between various investment portfolios and a diversified services corporation including data entry services, software development, support services. The Holding Company organize its portfolio companies by industry /by sector with forward-looking goals based on the ultimate benefit to the target customer base and to us as the owners. Environment business of the Group has been discontinued (Refer note 33). The Consolidated financial statements are approved for issue by the Holding Company's Board of Directors on May 27, 2022

The Consolidated Financial Statements relate to HOV Services Limited, (Holding Company) and its subsidiaries and step down subsidiaries. The name, country of incorporation and proportion of ownership interest are as under:

Name	Country of incorporation	Percentage of ownership Interest	
		As at March 31, 2022	As at March 31, 2021
<b>Subsidiaries :</b>			
HOVS Holdings Limited	Hong Kong	100	100
HOVS, LLC	USA	100	100
HOV Environment LLC (Subsidiary of HOVS LLC)	USA	61.10	61.10
HOV Environment Solutions Private Limited (Wholly owned Subsidiary of HOV Environment LLC)	India	61.10	61.10

**1.1 BASIS OF ACCOUNTING**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments - Refer note 1.8 below
- Defined Benefit and other Long term Employee Benefits - Refer note 1.9 below

## **1.2 USE OF ESTIMATES AND JUDGEMENTS**

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of services and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current non-current classification of assets and liabilities.

## **1.3 BASIS OF PREPARATION OF CONSOLIDATION FINANCIAL STATEMENTS**

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries. The Holding Company prepares and report its consolidated financial statements in INR.

### **Subsidiaries:**

Subsidiaries are all entities over which the group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group losses control of the subsidiary.

### **Consolidation procedure:**

#### **Subsidiary:**

- a) Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the Holding Company with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.

- b) Offset (eliminate) the carrying amount of the Holding Company's investment in each subsidiary and the Holding Company's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the Holding company, i.e., year ended on 31 March. When the end of the reporting period of the Holding Company is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the Holding Company to enable the it to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

#### **Goodwill**

Goodwill arising on an acquisition of a business is initially recognized at cost at the date of acquisition. After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any.

### **1.4 PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSETS**

#### **Property, Plant and Equipment**

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

#### **Intangible Assets**

Costs that are directly associated with identifiable and unique software products controlled by the Group, developed in-house or acquired, and have probable economic benefits exceeding the cost beyond one year are recognized as software products. Other acquired software meant for in-house consumption are capitalized at the acquisition price.:

**Depreciation/amortisation:**

Holding Company and Indian Subsidiaries

- a) Tangible Assets - Depreciation on property, plant and equipment is provided on a straight line method based on useful life and in the manner prescribed in part C of Schedule II of the Companies Act, 2013 or on Management's estimate of useful life of the assets.

Investment in property is amortized over the period of lease.

- b) Intangible Assets - Software product (meant for sale) are amortized over its estimated useful life of 8 years. Other Software products are amortised over its period of license.

**Foreign Subsidiaries**

Depreciation is provided based on Management's estimate of useful life of the asset which is as under.

Category	Useful Life in years
Plant and Equipment	8 - 10
Furniture and Fixture	10-16
Office Equipment	3 - 5
Vehicles	8 - 10
Computer	2 - 5
Software Product	3
Goodwill	8

**1.5 IMPAIRMENT OF NON FINANCIAL ASSETS**

The Group assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Group estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

**1.6 REVENUE RECOGNITION**
**Rendering of services:**

Revenue from Software and IT Enabled services are recognized when the services are rendered.

The Group derives revenue primarily from Software and IT Enabled Services, maintenance of software/hardware and related services and sale of software licenses. Revenue is recognized to the

extent that it is probable that the economic benefit will flow to the Group and the revenue can be measured reliably.

**Sale of licence:** Revenue from licence is recognized at the time the license is made available to the customer as "right to access" during the period of access.

#### **Other Income**

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

### **1.7 FINANCIAL INSTRUMENTS**

#### **Financial assets - Initial recognition**

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

#### **Subsequent measurement**

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

#### **(a) Measured at amortised cost:**

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

#### **(b) Measured at fair value through other comprehensive income (FVOCI):**

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

**(c) Measured at fair value through profit or loss (FVTPL):**

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

**Equity Instruments:**

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

**Impairment**

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Group's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Group does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument

improves such that there is no longer significant increase in credit risks since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

#### **De-recognition**

The Group de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

#### **Financial Liabilities**

##### **Initial Recognition and measurement**

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Group's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

##### **Subsequent measurement**

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

##### **Loans & Borrowings:**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

##### **Financial Guarantee Contracts**

Financial guarantee contracts issued by the Group are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

##### **De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on

substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Derivative financial instruments & hedge accounting**

The Group uses derivative financial instruments, such as forward foreign exchange contracts, interest rate swaps, cross currency interest risk swap to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Group designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Group documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Group documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

**Cash flows hedge that qualify for the hedge accounting**

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate component of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**1.8 FAIR VALUE MEASUREMENT:**

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ✓ In the principal market for the asset or liability, or
- ✓ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ✓ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ✓ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## **1.9 EMPLOYEE BENEFITS**

The Group has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund

### **a) Defined-benefit plan:**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

**b) Defined-contribution plan:**

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the Employees' Provident Fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Group's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

**c) Other employee benefits:**

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

**d)** Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when incurred.

**e)** Other benefits comprising of discretionary long service awards are recognized as and when determined.

## **1.10 LEASES**

### **LESSEE:**

The Group, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Group has substantially all of the economic benefits from use of the asset and has right to direct the

use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the lease term

**LESSOR :**

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

**1.11 FOREIGN CURRENCY TRANSACTIONS****a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

**b) Measurement of Foreign Currency Items at the Balance Sheet Date**

Foreign currency monetary items of the Group are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

**c) Foreign currency translation**

Assets and liabilities of the entities with functional currency other than the presentation currency have been translated to the presentation currency using exchange rates prevailing on the balance sheet date. The statement of profit and loss has been translated using monthly average exchange rates prevailing during the year. Translation adjustment have been reported as foreign currency translation reserve in the statement of changes in equity.

**1.12 TAXES ON INCOME**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties

on tax liabilities are provided for in the tax charge. The Group offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal income-tax during the specified period.

### **1.13 PROVISIONS AND CONTINGENCIES**

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

### **1.14 CASH AND CASH EQUIVALENTS**

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

**1.15 CASH FLOW STATEMENT**

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

**1.16 BORROWING COST**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

**1.17 EARNINGS PER SHARE**

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

**1.18 SEGMENT REPORTING**

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Executive Director/Decision Maker evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments.

The Group has identified its Executive Director as CODM which assesses the operational performance and position of the Group and makes strategic decisions (Refer note 43).

**1.19 EXCEPTIONAL ITEMS**

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the year, the nature and amount of such items is disclosed as exceptional items.

**1.20 RECENT ACCOUNTING PRONOUNCEMENTS:**

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

- (a) Ind AS 16 - Property, plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit

or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.

- (b) Ind AS 37 - Provisions, contingent liabilities and contingent assets - The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.
- (c) Ind AS 103 - Business combinations - The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 - Financial instruments - The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Group is in the process of evaluating the impact of these amendments.

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Group, The Group's financial risk management policy is set by the Chairman along with CFO and governed by overall directions of Board of Directors of the Group.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No	Risk	Exposure arising from	Measurement	Management
A	Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Diversification of bank deposits, credit limits.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of bank deposits and timely receipt.
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Closely tracks movement of rate changes with the bank.
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Sensitivity analysis	Management tracks foreign currency movements closely
E	Investment risk	Investments	Value of investment	Management of the Group keeps constant liaison and necessary information on timely basis.

**A. Credit risk**

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends and analysis of historical bad debts and ageing of accounts receivable. Individual credit period and limits are set accordingly. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information to decide on this such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty.

The Group categorises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

**NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**

(All amounts in INR Thousands, unless otherwise stated)

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Group continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

**E. Sensitivity**

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Particulars	Increase / (Decrease) in liability	
	As at March 31, 2022	As at March 31, 2021
Projected benefit obligation on current assumptions	7,009	6,688
+1% Change in rate of discounting	(689)	(671)
-1% Change in rate of discounting	820	804
+1% Change in rate of Salary increase	832	812
-1% Change in rate of Salary increase	(709)	(688)
+1% Change in Attrition Rate	170	132
-1% Change in Attrition Rate	(197)	(155)

**NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022**

(All amounts in INR Thousands, unless otherwise stated)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

## Independent Auditor's Report

To The Members of  
HOV Services Limited

### Report on the Audit of Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of HOV Services Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss, Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the standalone financial statements including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss, other comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1.	<p><b><u>Valuation and Impairment of unquoted equity instruments in subsidiary:</u></b></p> <p>The Company had made investment in a wholly owned subsidiary namely HOVS LLC Rs. Nil, being fair value as on March 31, 2022, (Gross Investments Rs, 660,770 thousands, provision for impairment thereagainst of Rs. 660,770 thousands). HOVS LLC in turn has acquired stake in Exela Technologies Inc. ("Exela"-Listed on NASDAQ). This investment is measured at cost and provision is made for any diminution other than temporary if required in standalone financial statements.</p> <p>In view of investments being material, we have considered its valuation/impairment to be a significant matter.</p>	<p>We observed the publicly available quoted prices of the underlying equity instrument representing holding in i.e. Exela Technologies Inc. which are listed on the NASDAQ and also obtained external evidence of existence of investment through publicly available filings on NASDAQ from time to time and obtaining holding statement from the custodian. Accordingly, impairment provision has been made for diminution.</p>

**Information Other than the Standalone Financial Statements and Auditor's report thereon**

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report, Corporate Governance report and Shareholder's information, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

**Responsibilities of Management and those charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether these standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Other Matter:**

We draw your attention to the Note 35 (E) of the standalone financial statements regarding the assessment made by Management relating to impact of COVID-19 pandemic on the operations of the Company.

Our opinion in the Standalone Financial Statements and our report on the other legal and regulatory requirement below is not modified in respect of this matter.

**Report on Other Legal and Regulatory Requirements**

1. Pursuant to the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
  - (c) The Balance sheet, the Statement of Profit & Loss, Other Comprehensive Income, Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Account) Rules, 2014.
  - (e) On the basis of the written representation received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a Directors in terms of Section 164(2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
  - (g) The Company has not paid remuneration to its directors during the year and hence reporting under provision of Section 197(16) of the Act is not applicable
  - (h) With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company does not have any pending litigations which would impact its financial position in its standalone financial statements. [Refer Note 39]
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - iii. There are no amounts which is required to be transferred to the Investor Education and Protection Fund by the Company.
    - iv. a) The management has represented that, to the best of their knowledge and belief, other than as disclosed in the standalone financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or

- invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The management has represented, that, to the best of their knowledge and belief, other than as disclosed in the standalone financial statements, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement.
- v. The Company has not declared or paid dividend during the financial year 2021-22 and hence reporting under Rule 11 (f) of Companies (Audit and Auditors) Rules, 2014 is not applicable.

  - viii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) and hence reporting under clause 3(viii) of the order is not applicable to the Company.
  - ix. (a) Based on our audit procedures and on the basis of information and explanations given to us, we are of the opinion that the Company has not defaulted in the repayment of loans or other borrowings or in the repayment of interest thereon to the lender and hence reporting under clause 3(ix) (a) of the Order is not applicable to the Company.

- (b) On the basis of information and explanations given to us, the Company has not been declared as willful defaulter by any bank or financial institution or other lender.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not taken any term loan during the year and hence reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not raised any short-term funds and hence reporting under clause 3(ix)(d) of the Order is not applicable to the Company.
- (e) Based on our audit procedures and on the basis of information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and hence reporting under clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) Based on our audit procedures and on the basis of information and explanations given to us, during the year the Company has not raised any funds on the pledge of securities held in its subsidiaries and hence reporting under clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) The Company has not raised any money by way of Initial public offer or further public offer (including debt instrument) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment, private placement of shares or fully or partly convertible debentures during the year or in the recent past and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by the management.
- (b) During the year, no report under sub section 12 of Section 143 of the Act has been filed in Form ADT-4 as prescribed in rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
- (c) Based on our audit procedure performed and according to the information and explanations given to us, no whistle blower complaints were received by the Company during the year and hence reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act and all the details have been disclosed in the standalone financial statements as required by the applicable Accounting Standard. (Refer Note 41 to the standalone financial statements)
- xiv. (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining nature, timing and extent of our audit procedure.

- xvi. (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and hence reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable to the Company.
- (b) In our opinion, there is no core investment company within the "Companies in the Group" as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses during the financial year covered by our audit and in the immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year and hence reporting under clause 3(xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. According to the information and explanations given to us, there are no amounts unspent in respect of corporate social responsibility towards ongoing or other than ongoing projects and hence reporting under clause 3(xx) (a) and (b) of the Order is not applicable to the Company.

**Annexure "B" referred to in "Report on Other Legal and Regulatory Requirements" section of our report to the Members of HOV Services Limited for the year ended March 31, 2022:**

**Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of HOV SERVICES LIMITED ("the Company") as of March 31, 2022 in conjunction with our audit of standalone financial statement of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company.
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company.

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements and
- (4) also provide us reasonable assurance by the internal auditors through their internal audit reports given to the Company from time to time

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the best of our information and according to the explanations given to us, the Company has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2022****Company Information:**

The Company was incorporated in 1989 under the Companies Act, 1956 as Codec Communication Pvt. Ltd with registration number 25-14448. The Company commenced its operations on January 10, 1989. In March, 2006 the Company changed its name to HOV Services Limited as a part of its plans to create brand recognition among its customers. The Company is engaged in providing Software and IT Enabled Services such as Data Entry Services, Software Development and Support Services.

The Standalone financial statements are approved for issue by the Company's Board of Directors on May 27, 2022

**1. SIGNIFICANT ACCOUNTING POLICIES****1.1 BASIS OF ACCOUNTING**

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments - Refer note 1.7 below
- Defined Benefit and other Long term Employee Benefits - Refer note 1.8 below

Accounting policies have been consistently applied except where a newly issued accounting standard is adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

**1.2 USE OF ESTIMATES AND JUDGEMENTS**

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current -non current classification of assets and liabilities.

**1.3 PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSETS****Property, Plant and Equipment**

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

**Intangible Assets**

Costs that are directly associated with identifiable and unique software products controlled by the Company, developed in-house or acquired, and have probable economic benefits exceeding the cost beyond one year are recognized as software products. Other acquired software's meant for in-house consumption are capitalized at the acquisition price:

**Depreciation/amortisation:**

Tangible Assets - Depreciation on Property, Plant and Equipment is provided on a straight line method based on useful life and in the manner prescribed in part C of Schedule II of the Companies Act, 2013. Investment property is amortized over the period of lease.

Intangible Assets - Software product (meant for sale) are amortized over its estimated useful life of 8 years. Other Software products are amortized over its period of license.

**1.4 IMPAIRMENT OF NON FINANCIAL ASSETS**

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

**1.5 REVENUE RECOGNITION****Rendering of services:**

Revenue from Software and IT Enabled services are recognized when the services are rendered.

The Company derives revenue primarily from Software and IT Enabled Services, maintenance of software/hardware and related services and Use of software licenses. Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably.

Sale of licence: Revenue from licence is recognized at the time the license is made available to the customer as "right to access" during the period of access.

**Other Income**

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is

recorded using the Effective interest rate method to the net carrying amount of the financial assets.

## **1.6 CONTRACT BALANCES:**

### **Trade Receivables:**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due).

### **Contract liabilities:**

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract

## **1.7 FINANCIAL INSTRUMENTS**

### **Financial assets - Initial recognition**

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

### **Subsequent measurement**

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

#### **(a) Measured at amortised cost:**

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

#### **(b) Measured at fair value through other comprehensive income (FVOCI):**

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

**(c) Measured at fair value through profit or loss (FVTPL):**

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

**Equity Instruments:**

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

**Impairment**

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

**Investments in subsidiaries:**

The Company has accounted for its investment in subsidiaries at cost.

**De-recognition**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

**Financial Liabilities****Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

**Subsequent measurement**

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

**Loans & Borrowings:**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

**Financial Guarantee Contracts**

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

**De-recognition**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition

of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Derivative financial instruments & hedge accounting**

The Company uses derivative financial instruments, such as forward foreign exchange contracts, interest rate swaps, cross currency interest risk swap to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Company documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

**Cash flows hedge that qualify for the hedge accounting**

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate component of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**1.8 FAIR VALUE MEASUREMENT:**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ✓ In the principal market for the asset or liability, or
- ✓ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ✓ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ✓ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## **1.9 EMPLOYEE BENEFITS**

The Company has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund etc.

### **a) Defined-benefit plan:**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

**b) Defined-contribution plan:**

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

**c) Other employee benefits:**

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

### 1.10 LEASES

As a lessee : The Company's lease asset classes primarily consist of leases for Land and Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made. A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows

**LESSOR :**

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

**1.11 FOREIGN CURRENCY TRANSACTIONS****a) Initial Recognition**

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

**b) Measurement of Foreign Currency Items at the Balance Sheet Date**

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

**1.12 TAXES ON INCOME**

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

### **1.13 PROVISIONS AND CONTINGENCIES**

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

### **1.14 CASH AND CASH EQUIVALENTS**

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

### **1.15 CASH FLOW STATEMENT**

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

### **1.16 BORROWING COST**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

**1.17 EARNINGS PER SHARE**

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

**1.18 SEGMENT REPORTING**

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Executive Director as CODM which assesses the operational performance and position of the Company and makes strategic decisions.

**1.19 EXCEPTIONAL ITEMS**

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

**1.20 RECENT ACCOUNTING PRONOUNCEMENTS:**

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below :

- (a) Ind AS 16 - Property, plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.
- (b) Ind AS 37 - Provisions, contingent liabilities and contingent assets - The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.
- (c) Ind AS 103 - Business combinations - The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 - Financial instruments - The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact of these amendments.

**35 Risk Management**
**Financial risk management objectives and policies**

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, The Company's financial risk management policy is set by the Chairman along with CFO and governed by overall directions of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No	Risk	Exposure arising from	Measurement	Management
A	Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Diversification of bank deposits, credit limits.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of bank deposits and timely receipt.
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Closely tracks movement of rate changes with the bank.
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Sensitivity analysis	Management tracks foreign currency movements closely
E	Investment risk	Investment in Subsidiaries	Value of investment	Management of the company keeps constant liaison and necessary information on timely basis.

(All amounts in INR Thousands, unless otherwise stated)

**A. Credit risk**

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual credit period and limits are set accordingly. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information to decide on this such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty.

The Company categorises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

The Company is "providing work from home facility to its employees in compliance with guidelines issued by the respective authorities." The Company has assessed the recoverability of financial investments in subsidiaries of Rs. 7 Thousands and trade receivables measured at amortised cost of Rs. 51,884 Thousands, the Company does not anticipate any material financial or operational issues in the short term as well as on a long term basis. The impact of the global health pandemic may be different from that estimated as at the date of approval of these standalone financial statements. Considering the continuing uncertainties, the Company will continue to closely monitor any material changes to future economic conditions.

**36 Capital risk management**

- A** The Company's objectives when managing capital are to safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders maintain an optimal capital structure to reduce the cost of capital. The Company monitors capital on the basis of the following debt equity ratio:

<b>Particulars</b>	<b>As At March 31, 2022</b>	<b>As At March 31, 2021</b>
Debt	6,898	20,376
Total Equity	2,04,822	8,44,176
Debt to Total Equity	0.03	0.02

The Company believes in conservative leverage policy. Its debt equity ratio is lower than the industry average. Company's moderate capex plan over the medium term shall be largely funded through internal accruals and suppliers credit. The Company is committed to become virtual debt free company in a year which shall further improve its capital structure.

- B.** The Company follows the policy, as decided by Board of directors considering financial performance, available resources, other internal and external factors and upon recommendation from Audit Committee for the declaration of dividend.

**37 Disclosure pursuant to ind AS - 19 "employee benefits"**

- i) Gratuity: In accordance with the applicable laws, the Company provides for gratuity, a defined benefit retirement plan ("The Gratuity Plan") covering eligible employees. The gratuity plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. Liabilities with regard to the gratuity plan are determined by actuarial valuation on the reporting date and the company makes annual contribution to the gratuity fund administered by life Insurance companies under their respective group gratuity schemes.

**D. Assumptions**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

**The significant actuarial assumptions were as follows:**

Particular	As at March 31, 2022	As at March 31, 2021
<b>Financial Assumptions</b>		
Discount rate	7.35%	6.82%
Expected rate of return on plan assets	7.35%	6.82%
Salary escalation rate	5.00%	5.00%
Rate of Employee Turnover		
- For service 4 years and below	8.00%	8.00%
- For service 5 years and above	2.00%	2.00%
Mortality Rate During Employment	Indian Assured Lives Mortality (2006-08)	Indian Assured Lives Mortality (2006-08)

**E. Sensitivity**

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

Impact on defined benefit obligation	Increase / (Decrease) in liability	
	As at March 31, 2022	As at March 31, 2021
<b>Projected benefit obligation on current assumptions</b>	<b>7,009</b>	<b>6,688</b>
+1% Change in rate of discounting	(689)	(671)
-1% Change in rate of discounting	820	804
+1% Change in rate of Salary increase	832	812
-1% Change in rate of Salary increase	(709)	(688)
+1% Change in Attrition Rate	170	132
-1% Change in Attrition Rate	(197)	(155)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

- c) # During the financial year 2017-18 the Company has made provision of Rs.99,089 thousands towards loan receivable including interest receivable thereon from a subsidiary (HOV Environment Solutions Private Limited) in view of the substantial slow down in its business activities.
- d) No amounts in respect of related parties have been written off/ written back during the year or has not made any provision for doubtful debts/ receivable except as disclosed above.
- 42** It has only one reportable segment i.e. 'IT and IT Enabled services' in terms of requirement of IND AS 108.
- 43** The Company has adopted IND AS 116 "Leases" using modified retrospective approach. The Company's lease assets classes primarily consist of leases for buildings and vehicles. The Company has used following practical expedient when applying IND AS 116 to leases :
- (a) the Company did not recognize Right to Use and lease liabilities for lease for which the lease terms ends within 12 months on the date of transaction and low value assets
- (b) the Company uses hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The weighted average lessee's incremental borrowing rate applied to the lease liabilities is 12% On transition to the IND As 116, the impact thereof is as follows :

Particulars	As At March 31, 2022	As At March 31, 2021
